

# Durst load Bank LB-100-1.2X3PHAC

Durst Mobile Switched Load Bank  
Offering maximum capacity with ease of use

## Features:

- A true portable high capacity load bank
- Digital meters Volt & Amp ( Requires. 240 Vac )
- Banana terminals for connection to Data logger
- 100% duty cycle
- Nominal voltage 100 VAC 3 Phase / 65 VAC Single Phase
- Nominal Amps Switching 6 Position 0-7.2 Amps AC  
Switch 1. 6 position of 1.2 amps each Total 7.2 Amps AC
- Internal wiring high temperature silicone
- 3 Phase AC leads 2.5 mm<sup>2</sup> Flexible Cable 2.0 Mtr long
- 1 Phase AC leads 2.5 mm<sup>2</sup> Flexible Cable 2.0 Mtr long
- Suitable for Aviation, Defence, Solar, UPS system, etc
- Powder coated steel cabinet
- Fully colour coded cables
- Designed in Australia for Australian conditions & climate
- Custom Built to your requirements on request
- Models available for other voltages and currents
- Carry version available upon request
- More Load for your \$
- Size W=450mm D=350 H=700
- ( 1020 Including handle )  
Weight Approx 12 Kgs
